2020/5635/P	CRASH	19/01/2021 13:09:43	COMMNT	This comment is made by CRASH (Combined Residents' Associations of South Hampstead) The property in question is located at the junction of Aberdare Gardens and Fairhazel Gardens. The rear of the property is visible from the public realm. CRASH would prefer to see the proposed terrace partly-obscured by the use of opaque glass or planting rather than open metal railings.
