This complementary application - no comments allowed either - proves the point how this school is going overboard on signage.

A front and side sign makes sense but 3 signs of the the same type? Too much.

I object to the second sign on Fitzjohns avenue away from the school entrance.

Many thanks

Hello, a recently registered application does not allow comments.

I do not believe 2 duplicate signs should be placed where none are currently in place.
A single sign makes sense but two is overkill and clutters the low key nature of Fitzjohns frontage.

Many thanks
