RE: OBJECTION to Planning Application ref: 2020/4908/

21st January 2021

Dear Amanda,

I do not have access to e-mails at the moment because the libraries are closed.

I want to add my objection to the Planning Application of No. 3&5 Hillfield road.

Mr. Obote Hope, of the Camden Planning Department, to whom I spoke on the phone this morning has suggested that I ask a local resident to send objections on my behalf.

If you are not too busy, will you be able to help me? Obote Hope confirmed that I did not have to find different arguments. It is acceptable to add my name to the same objections that you have already sent.

He knows I am doing this and that the objection will be on my behalf, but from South Mans.

Thanking you in advance

With Good Wishes
