2020/5913/P	Romain Bouche	28/01/2021 12:01:55	OBJ	<p>As Parents having our children learning at CFBL school, we would like to express our concern about the planning application 2020/5913/P and object to it.</p> <p>The proposed warehouse and distribution centre at this site in Spring Place would create a significant risk to the safety of our children who go to the nearby school, CFBL in the immediate vicinity. We do not think that this risk can be sufficiently mitigated by the applicant.</p> <p>The proposed change of use for this site is therefore not acceptable. Other sites in more industrial areas ought to be more appropriate than a site in close proximity to schools.</p>
2020/5913/P	Thibaut Delahaye	28/01/2021 10:45:45	OBJ	<p>As Parents having our children learning at CFBL school, we would like to express our concern about planning application 2020/5913/P and object to it.</p> <p>The proposed warehouse and distribution use at this site in Spring Place would create a significant risk to the safety of our children who go to the nearby school, CFBL in the immediate vicinity. We do not think that this risk can be sufficiently mitigated by the applicant.</p> <p>We are really concerned about the significant increase of traffic, on the roads nearby which are very narrow and already congested at the peak hours. We are also concerned about the air and noise pollution which will increase with the increase of HGV and lorry traffic.</p> <p>Thus we are worried about the safety and health issues this project will create for the young children attending Holmes road schools.</p> <p>The proposed change of use for this site is therefore not advisable nor acceptable.</p> <p>Other sites in more industrial areas ought to be more appropriate than a site in close proximity to schools.</p>
2020/5913/P	Istvan Polay	28/01/2021 09:50:42	OBJ	<p>As Parents having our children learning at CFBL school, we would like to express our concern about the planning application 2020/5913/P and object to it.</p> <p>The proposed warehouse and distribution centre at this site in Spring Place would create a significant risk to the safety of our children who go to the nearby school, CFBL in the immediate vicinity. We do not think that this risk can be sufficiently mitigated by the applicant.</p> <p>The proposed change of use for this site is therefore not acceptable. Other sites in more industrial areas ought to be more appropriate than a site in close proximity to schools.</p>
2020/5913/P	Yasmina Rousselet	28/01/2021 09:50:35	OBJ	<p>As Parents having our children learning at CFBL school, we would like to express our concern about the planning application 2020/5913/P and object to it.</p> <p>The proposed warehouse and distribution centre at this site in Spring Place would create a significant risk to the safety of our children who go to the nearby school, CFBL in the immediate vicinity. 2020/5913/P	Yann Rousset	28/01/2021 09:50:14	OBJ	<p>As Parents having our children learning at CFBL school, we would like to express our concern about the planning application 2020/5913/P and object to it.</p> <p>The proposed warehouse and distribution centre at this site in Spring Place would create a significant risk to the safety of our children who go to the nearby school, CFBL in the immediate vicinity. We do not think that this risk can be sufficiently mitigated by the applicant.</p> <p>The proposed change of use for this site is therefore not acceptable. Other sites in more industrial areas ought to be more appropriate than a site in close proximity to schools.</p>
2020/5913/P	Jevgeni BOVATOV	28/01/2021 09:45:25	OBJ	<p>"</p> <p>As Parents having our children learning at CFBL school, we would like to express our concern about the planning application 2020/5913/P and object to it.</p> <p>The proposed warehouse and distribution centre at this site in Spring Place would create a significant risk to the safety of our children who go to the nearby school, CFBL in the immediate vicinity. We do not think that this risk can be sufficiently mitigated by the applicant.</p> <p>The proposed change of use for this site is therefore not acceptable. Other sites in more industrial areas ought to be more appropriate than a site in close proximity to schools</p>
2020/5913/P	Mr B Dierick	28/01/2021 09:25:17	OBJ	<p>I strongly object to this application as the site is opposite a school so huge danger for kids, teachers and parents from all traffic (which is already an issue and impact on environment in terms of noise, pollution). The streets around the school are already used for ratrunning UPS drivers and other traffic and this would make it even worse as it is a residential area that would be affected</p>
2020/5913/P	Ramsay Short	28/01/2021 09:24:09	OBJ	<p>As a parent with children learning at the local CFBL school, I hereby strongly object to the planning application 2020/5913/P.</p> <p>The proposed warehouse and distribution centre at this site in Spring Place would create a significant risk to the safety of my children who go to the nearby school, CFBL in the immediate vicinity. I do not think that this risk can be sufficiently mitigated by the applicant.</p> <p>The proposed change of use will mean a huge increase of delivery vans and trucks entering and leaving the site for over 18 hours a day - right next to the school. Further the noise pollution for residents in this conservation neighbourhood will be catastrophic. Already we face huge numbers of UPS delivery trucks cutting through to get to their base in Regis Road, alongside the numerous CAMDEN and Veolia council and rubbish vans in Spring Place and Holmes Road - a further distribution centre in Spring Place is simply too much and wholly unacceptable.</p> <p>The proposed change of use for this site is therefore not acceptable. Other sites in more industrial areas ought to be more appropriate than a site in close proximity to schools.</p> <p>Thank you.</p>

2020/5913/P	Oliver Pearson	28/01/2021 15:16:18	OBJ	<p>I'm concerned that there will be an increase in noise pollution, there will be an increase in traffic of heavy goods vehicles and an increase in danger to pedestrians. The development is right next to a very busy school and in the heart of a very quiet residential area. The small streets are not capable of supporting this use.</p>
2020/5913/P	Kerstin Sander	28/01/2021 11:22:59	OBJ	<p>As a parent having my children learning at the Collège Français Bilingue de Londres (CFBL), I would like to express my concern about the planning application 2020/5913/P and object to it.</p> <p>The proposed warehouse and distribution center at Spring Place would create a significant risk to the safety of all children attending CFBL, which is located in the immediate vicinity (Holmes Road). We do not think that this risk can be sufficiently mitigated by the applicant.</p> <p>The proposed change of use for this site is therefore not acceptable. Other sites in more industrial areas ought to be more appropriate than a site in close proximity to schools.</p>
2020/5913/P	Belinda Low	28/01/2021 17:11:32	COMNOT	<p>This proposal is not taking into account that the site is in the middle of a residential area with schools, houses, student accommodation in the adjoining streets. The streets are in a conservation area, Camden has been increasingly trying to improve air quality for their residents and this proposal will have an adverse effect. The streets are too small for this kind of traffic and lorries or delivery vans will have to back up all the time to let other cars pass. This kind of operation is not appropriate in a built up residential area, and I am sure Camden Council will agree it will go against everything the council is trying to achieve, reducing traffic and improving air quality. I urge you to reject this proposal. The Regis Road site is where this kind of operation should be. Kind regards</p>
2020/5913/P	Jean Marin Bolot	28/01/2021 15:21:45	OBJ	<p>As Parents having our children learning at CFBL school, we would like to express our concern about the planning application 2020/5913/P and object to it.</p> <p>The proposed warehouse and distribution centre at this site in Spring Place would create a significant risk to the safety of our children who go to the nearby school, CFBL in the immediate vicinity. 2020/5913/P	Sarah Williamson	28/01/2021 15:21:39	OBJ	<p>As a parent of children attending CFBL school, I would like to express my grave concern about the planning application 2020/5913/P.</p> <p>I object to this application on grounds of air pollution, risks linked to increased vehicle traffic in a residential and school area without suitable increase in road capacity and protection, as well as improper health impact assessments.</p> <p>The proposed development will create a dramatic increase in vehicle air pollution for the many pupils attending the school in immediate proximity to the site. Increased air pollution from fuel will be only one of the consequences as inevitably, we will see an increase in traffic congestion in what is an already congested area (around Holmes Road, Grafton Road, Willes Road).</p> <p>Vehicle air pollution comes from fuel, brakes and tyres - thus the adoption of electric-only vehicles will not mitigate the serious pollution concerns.</p> <p>The Health Assessment provided with the application fail to even mention the two primary schools surrounding the site, let alone assess the impact of the development on children's health.</p>
2020/5913/P	Camilla Zeyssolff	28/01/2021 11:40:56	OBJ	<p>I would like as a CFBL team member to express my concern about planning application 2020/5913/P and object to it.</p> <p>The proposed warehouse and distribution use at this site in Spring Place would create a significant risk for our and the pupils; safety.</p> <p>I do not think that this risk can be sufficiently mitigated by the applicant.</p> <p>The proposed change of use for this site is therefore not acceptable.</p> <p>Other sites in more industrial areas ought to be more appropriate than a site in close proximity to schools.</p>
2020/5913/P	Jocelyn Battaglia	28/01/2021 11:29:12	OBJ	<p>As Parents having our children learning at CFBL school, we would like to express our concern about the planning application 2020/5913/P and object to it.</p> <p>The proposed warehouse and distribution centre at this site in Spring Place would create a significant risk to the safety of our children who go to the nearby school, CFBL in the immediate vicinity. 2020/5913/P	Jenny Quintero	28/01/2021 15:25:01	OBJ	<p>Hello,</p> <p>I would like to make an objection for the use of the site as a depot. Our surround streets would be used as cut-through roads and make traffic unbearable. It is already a problem due to the schools and it can be a struggle even for waste disposal vans to get through. Delivery vans are not known to be the slowest and most careful drivers, particularly with delivery deadlines to meet and it would cause unsafe roads. It would cause large vehicles to mount the pavements on an area where there are at least 3 schools. It would be better placed to have the depot in a less residential location like an industrial park. Please do not let this happen, large vans 24/7 going trough a quiet conservation neighbourhood would be a horrible and unwelcome situation.</p> <p>Please consider the residents, nature, the children, the pollution, noise, traffic, safety. Please do not grant this.</p> <p>Thanks Jenny</p>
2020/5913/P	Camille Beauvais	28/01/2021 13:11:07	OBJ	<p>As Parents having our 2 children learning at CFBL school, we would like to express our deep concern about the planning application 2020/5913/P and object to it.</p> <p>The proposed warehouse and distribution centre at this site in Spring Place would create a significant risk to the safety of our children who go to the nearby school, CFBL in the immediate vicinity. There will be increased traffic of larger size lorry, more pollution, noise, etc. We do not think that this risk can be sufficiently mitigated by the applicant.</p> <p>The proposed change of use for this site is therefore not acceptable. 2020/5913/P	Mr & Mrs Johan Marin	28/01/2021 11:11:22	OBJ	<p>As Parents having our child learning at CFBL school, we would like to express our concern about the planning application 2020/5913/P and object to it.</p> <p>The proposed warehouse and distribution centre at this site in Spring Place would be in the immediate vicinity of the CFBL school, which our child attends. This would thus create a significant risk to the safety of our child and we do not think that the applicant will be able to mitigate it.</p> <p>The proposed change of use for this site is therefore not acceptable. Other sites in more industrial areas ought to be more appropriate than a site in close proximity to a school.</p>
2020/5913/P	DECAILLET Nicolas	28/01/2021 09:55:42	OBJ	<p>We are living near the Gospel Oak Primary School and the Council has closed the access to Savernake Road from Constantine Road, arguing that traffic had to be limited, for health and safety of the pupils. The same Council is about to approve a planning permission for an industrial project, for a warehouse, meters from a large school CFBL, which will necessarily induce more traffics of light and even heavy vehicles.</p> <p>As Parents having our children learning at CFBL school, we would like thus to express our concern about the planning application 2020/5913/P and object to it.</p> <p>The proposed warehouse and distribution centre at this site in Spring Place would create a significant risk to the safety of our children who go to the nearby school, CFBL in the immediate vicinity. We do not think that this risk can be sufficiently mitigated by the applicant.</p> <p>The proposed change of use for this site is therefore not acceptable. Other sites in more industrial areas ought to be more appropriate than a site in close proximity to schools.</p>
2020/5913/P	Brigita Seguis	28/01/2021 09:55:11	OBJ	<p>I am a parent with two young children at CFBL school and I would like to express my objection to the planning application 2020/5913/P.</p> <p>I take my children to school by foot and we walk past Spring Place, where the proposed warehouse and distribution centre would be situated. Having heavy good vehicles and numerous vans so close to the school would create a significant risk to the safety of all children who go to CFBL. I would also like to add that it's not just about drop-offs and pick-ups; children have sports classes outside the school and there are groups of children going in and out of school throughout the day, which in turn means that the risks will be there at all times.</p> <p>In addition to safety risks, there will be also be increased levels of noise and pollution, which will have a very negative impact on children's well-being.</p> <p>I strongly object to the proposed changes of use for the site on Spring Place for the reasons outlined above. It is a residential area with a school in close proximity and it is not suitable for the uses specified in the application.</p>

2020/5913/P	Celine Myers	28/01/2021 10:55:25	OBJ	<p>This proposal is in direct conflict with the idea of safe streets and cleaner air in proximity of schools, of which there is one on the doorstep of the proposed location (CFBL school), and the proposed route out on Holmes Road for smaller HGV goes past a second school (Saint Patrick's) around the corner from CFBL. That's without mentioning how congested Holmes road already gets with alternate traffic on a long stretch of the road outside Saint Patrick's school, and regular chaos at the junction with Kentish Town Road which is used as an illegal curb car park by delivering bikes and casual car drivers while they await for their Mac Donald order.</p>
2020/5913/P	KILLICK Isabelle	28/01/2021 10:51:48	OBJ	<p>I would like as a CFBL team member to express my concern about planning application 2020/5913/P and object to it.</p> <p>The proposed warehouse and distribution use at this site in Spring Place would create a significant risk for our and the pupils' safety.</p> <p>I do not think that this risk can be sufficiently mitigated by the applicant.</p> <p>The proposed change of use for this site is therefore not acceptable.</p> <p>Other sites in more industrial areas ought to be more appropriate than a site in close proximity to schools.</p>

2020/5913/P	Damien Jouvent	28/01/2021 10:01:09	OBJ	<p>As Parents having our children learning at CFBL school, we would like to express our concern about the planning application 2020/5913/P and object to it.</p> <p>The proposed warehouse and distribution centre at this site in Spring Place would create a significant risk to the safety of our children who go to the nearby school, CFBL in the immediate vicinity.</p> <p>Atop the obvious danger of increased traffic to pedestrians especially in the case of kids, there is also significant health effects due to increased pollution and noise. We do not think that this risk can be sufficiently mitigated by the applicant.</p> <p>We ask for the Council to take a step back and not get confused by technical arguments - setting up a distribution centre in the immediate vicinity of a school is really as bad as it sounds!</p> <p>The proposed change of use for this site is therefore not acceptable. Other sites in more industrial areas ought to be more appropriate than a site in close proximity to schools.</p>
2020/5913/P	Jee Eun Lee Fiorentino	28/01/2021 10:15:18	OBJ	<p>As a parent of the school community, I strongly object to the proposal made in this application no. 2020/5913/P.</p> <p>This area is growing brilliantly as quiet residential and school districts providing many safe and kids family friendly facilities and events. Therefore, this area should be looked at more for residential leisurely purpose rather than allowing any uncertain industrial zones. many sites have been converted into affordable housing elderly care and some private homes for many. I would proposed that there will be more leisurely development and green space as this would be more of Kentish town as the congestion caused by the industrial activities is already a burden to the area. The road proposed for this use is already undermining the school access for pedestrians which involves small kids prams scooters and commuters on bikes. There is Queen's Crescent Market every Thursdays which closes this route which will overwhelm already difficulty. Holms Road has many school related properties and is a narrow road with parking spaces. It is already difficult with limited access to some roads.</p> <p>If the council go ahead with this plan, it is going against the green agenda and placing the a heavy commute risk for pedestrians of all ages.</p> <p>I therefore strongly object to the planning proposal presented here and not to allow this use to be changed or change to more residential related projects.</p> <p>We as a community of Kentish Town and Gospel Oak will definitely seek for banning any industrial sites to be allowed here. The Camden Service site across adjacent to the school is already congesting this area during commute times. It is therefore Council's responsibility to promote the residential and school district to be safe and green. This area has been going a great effort to endure many constructions projects to make more residential friendly projects and this will be going against all the efforts we have put up with the hope it would become more desirable and safe area. I experiences myself being hit by one of those oversize lorries for the site off Malden Road Leading into the construction site on Bassett St and nearly got badly injured during a school commute years ago. This has to stop from the council. This will increase daily threats to the commuters into this area and residence. The council should really good look into a bigger picture of what this area is for the future.</p> <p>Kind Regards</p>

2020/5913/P	Isabelle Pinson	28/01/2021 17:21:31	OBJ	<p>Having a distribution centre with trucks coming in and out frequently just next to two schools - CFBL and St Patrick - is really concerning. My 4 year old son goes to CFBL and I can see every morning the traffic on Holmes road. We walk and are always faster than all the cars. Not only that traffic is dangerous with so many kids walking to schools but the pollution it generates is worrying for all, let alone for kids. Based on the increased danger that distribution centre will create to kids both physical danger &amp; pollution, I want to oppose that planning application.</p>
2020/5913/P	Bourdin	28/01/2021 12:09:57	OBJ	<p>As Parents having our children learning at CFBL school, we would like to express our concern about the planning application 2020/5913/P and object to it.</p> <p>The proposed warehouse and distribution centre at this site in Spring Place would create a significant risk to the safety of our children who go to the nearby school, CFBL in the immediate vicinity.
