I wish to object to this change to ELs 100 Avenue Road development.

Camden was quite correct to initially reject this monstrosity.

The original design was ghastly enough , but this change to the exterior cladding constitutes a significant change to the design.

This should be sufficient for you call it in and attempt to refuse it again.

That it was approved on appeal was solely because of its social housing.

As they are now completely removing social / affordable housing component, that "excuse" is no longer valid.

This blot on the landscape should be refused.

Thank you

A M Fox
