Dear Sir,

I cannot believe that Essential living has made the above proposal to change the affordable housing with private rentals. THAT was the whole benefit of the original application. Many people predicted that this would be exactly what Essential Living would do and then here they have which would seem to me to be a simple money making ploy. I have lived and worked in the Swiss Cottage area for my entire career. While I understand we need development and new housing, the people of Camden expect that affordable housing be rightly included in this as a partner to development.

Sincerely,
John O'Toole
