| 2020/4360/P     | Marcia MacLeod   | 29/01/2021 10:50:26 | OBJ      | I have read the flood risk report - but it says nothing about the underground rivers which exist in West Hampstead. I used to live on Inglewood Road, in a basement flat, and was always getting bronchitis. I was told it was because of the underground river under the street. Any underground extension would introduce a great risk of flooding extension. I therefore object to this application. |
