2021/0200/T	Andrew Stevens	01/02/2021 14:17:11	COMMNT	We support the necessity for the works as listed, both for the ongoing health and maintenance of all 3 trees identified in this application, but also to minimise the potential for damage to property, notably by the Prunus Avium overhanging our neighbours glazed elevation to the rear of the property and the Bird Cherry pushing outwards onto a fence that borders the Mews to the front of the property, as well as this tree in its current size and habit being repeatedly struck by high sided vehicles driving along the Mews.
