2021/0405/L	Jonathan Byatt	03/02/2021 15:26:45	OBJ	<p>No objection to wooden verander design or replacement door as major works. These are in keeping with neighbourhood designs and match historic context.</p> <p>However, objection to window replacement with glass double doorway as this materially changes both the character of the lited building and does not follow a similar theme from neighbours. The proposed new wide area of glass would make this appear more a summer house and less a historic cottage. It would thus change the character of the building and make it too modern in appearance in contravention of listing guidelines = significant material change.</p> <p>I would support partial approval of other proposed wirks and reconsideration of the window replacement by the committee</p>
