As can be seen on the above drawing it has partially been excavated already and used as a storage. The orange line shows the extent of excavation required. Possible 2 cubic meters only. This will improve living conditions in the bedroom.

The above is to improve the light in the basement. A similar height window will be installed as can be seen to the right.

Please note we do not want this to be part of our demise to keep legal aspects to a minimum. We will be following all building regulations and planning
