Dear Planning Camden,

I have tried to comment on the above planning application and have been unable to do so.

The application inline currently says it was registered on 25/01/2021 and that comments are allowed until 22/01/2021.

Obviously it is impossible to comment if the date has passed before the application was even registered.

In addition, when the application was first put online the registration date was in early feb with the comments until date the same early feb date.

Are these simply errors and can they be fixed so that I can make a comment online?

Can you please let me know how I am to comment under these circumstances?

COMMENTS to be added to website:

"This tree was confirmed as a "veteran" tree by the Ancient Tree Inventory on June 29, 2019. It is named "The Lindfield Oak" and its registration number is 191248.

Hopefully this information will be useful to Camden when considering this application. The main concern we have is to ensure that the arborist involved has adequate qualifications and knowledge in the features and maintenance of ancient and veteran trees."

I would appreciate it if this could be added under comments and would also appreciate it if you can let me know if I am using the website incorrectly.

Thank you,

S. Elizabeth Wright
