Dear Sir/Madam

DECISION

Planning (Listed Building and Conservation Areas) Act 1990

Listed Building Consent Granted

Address:
55 Monmouth Street
London
WC2H 9DG

Proposal:
Installation of a magnetic lock to the street gates
Drawing Nos: 24474 G200 rev B proposed gates, location map, photo schedule, 24474 G100 rev A existing gates

The Council has considered your application and decided to grant Listed Building Consent subject to the following condition(s):

Conditions And Reasons:

- 1 The works hereby permitted shall be begun not later than the end of three years from the date of this consent.

Reason: In order to comply with the provisions of Section 18 of the Planning (Listed Buildings and Conservation Areas) Act 1990.

- 2 The development hereby permitted shall be carried out in accordance with the following approved plans:

24474 G200 rev B proposed gates, location map, photo schedule, 24474 G100 rev A existing gates

Reason: In order to safeguard the special architectural and historic interest of the building in accordance with the requirements of policy D2 of the Camden Local Plan 2017.

- 3 All new work and work of making good shall be carried out to match the existing adjacent work as closely as possible in materials and detailed execution.

Reason: In order to safeguard the special architectural and historic interest of the building in accordance with the requirements of policy D2 of the Camden Local Plan 2017.

- 4 Before the relevant part of the work is begun, detailed drawings in respect of the following, shall be submitted to and approved in writing by the local planning authority:

- a) Details of an appropriately designed and installed buzzer panel.

The relevant part of the works shall be carried out in accordance with the details thus approved and all approved samples shall be retained on site during the course of the works.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policy D1 (and D2 if in CA) of the London Borough of Camden Local Plan 2017.

Informative(s):

- 1 The site is a grade-II-listed 18th-century terraced house, incorporating a shop, making a positive contribution to the Seven Dials Conservation Area.

The applicant wishes to install a magnetic lock on the existing iron gates to reduce ASB in an inset doorway.

The proposal is minimal and reversible and allows the retention of the increasingly rare shopfront doorway arrangement.

Any works other than those specifically mentioned in the consented documents are unauthorised. If further works are found to be needed, the permission of the council's conservation team must be obtained in writing, or further listed building consent may be required.

The proposed works will not harm the special interest of the grade-II-listed building.

The application has been advertised in the press and by means of a site notice, whereby there was one consultation response, from the community association. This supported the principle of the lock, but requested that a suitably designed and installed buzzer panel be specified. This detail has been required by condition. The site's planning history has been taken into account

in making this decision.

Special attention has been paid to the desirability of preserving the special interest of the listed building, under s.16 of the Listed Buildings and Conservation Areas Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013.

As such, the proposal is in general accordance with policy D2 of the Camden Local Plan 2017. The proposed development also accords with the London Plan 2016 and the NPPF.
