To Whom it May Concern.

The suggestions of works in the above application are extreme. The changes would disrupt the ambiance of the Estate, both during and after the work is carried out. Holly Lodge Estate is a place of beauty, tranquility and respect for the natural environment. I think the proposed changes would conflict with all of these aspects. There is no need for creating monstrosities. The proposed works would possibly fit in with a modern building in a modern settlement but seem totally out of place here. Any changes to the Estate should aim at enhancing and maintaining its character. I feel that it would be a mistake to allow such extreme works to be carried out.

Yours faithfully
