

Dear Camden Planning Department

RE: **Application number: 2020/6007/P**  
21st Feb 2021

We would like to strongly object about this planning application of making a large extractor pipe for this shop at 11 Frognal Parade NW3 5HH as per below reasons:

- ∞ This shop **has never been a takeaway** as mentioned on the application and most recently has been an accountant office.
  
- ∞ Where the extractor pipes are being placed, the **main electrical wiring for the flats are also placed** on the wall. I am very concerned that the extractor piping with it's heat, will damage the power line to the flats. It may also stop the access to the wires if repairs are needed.
  
- ∞ There would be significant **noise and disturbance** be made with the takeaway food shop being built below our premises at our main door to our block.
  
- ∞ This will also affect our building insurance and make it difficult for us to be able to obtain a mortgage in the future.

This will have a significant and detrimental effect on us and our property and cannot agreed to the planning.

I would be grateful if you can reply and acknowledge receipt of this email.

Kind regards

Louise and Philip Rahmanou  
Owner of Flat 3 Frognal Court
