To whom it may concern,

Confirmation of Structural Engineer Appointment: 70-86 Royal College Street, NW1 0TH

With regards to the planning decision stated conditions, we are writing to confirm that Heyne Tillett Steel (HTS) have been appointed as structural engineers for the development at 70-86 Royal College Street, NW1 0TH.

Our appointment includes the civil and structural design of all subterranean structures up to RIBA Stage 4. The design will be completed by the main contractor team with HTS undertaking a client monitoring role for the RIBA Stage 5 / Construction phase.

James Morgan BEng (Hons) CEng FStructE will be leading the client monitoring role and is a fellow of the Institute of Structural Engineers (confirmation attached).

The HTS scope during RIBA stage 5 is as follows:

- + Review standards of construction to verify conformance with contract design and H&S strategies.
- + Monitor and comment on contractor design changes.
- + Periodic site inspections to review compliance.
- + Review and comment on temporary works proposals.

I trust that this information is sufficient to satisfy condition 19. Please let us know if you require anything further.

Yours faithfully

A handwritten signature in black ink, appearing to be 'J. Morgan' followed by a horizontal line.

James Morgan
BEng (Hons) CEng FStructE
