I am emailing on behalf of Glenhurst Residents about the above planning application for the proposed development of flats on the site of the Quickfit Garage in Gordon House Road. The arguments against this are familiar and have been made in previous applications, among them being loss of privacy to existing homes. The lack of affordable housing is perhaps the most serious criticism. We look forward to this current application being, as before, turned down.

To the comments above, already made by me, I should add that the reference number on the “comment” section of the website is not recognised. In addition, the telephone of Patrick Marfleet on the notice next the the proposed development was not, when we telephoned on Monday 15, answered by him or an answering machine.
