

Proposed Front Elevation

- Roof to side extension re-clad with copper sheet to match original roof slopes. Two existing roof lights to front roof removed as part of these works
- New window in front elevation to replace existing rendered blind bay projection at first floor
- Timber horizontal cladding as per existing style and to ensure cohesiveness with neighbour
- New window in front elevation to replace existing full height glazed door and side light to this part
- Brick to the underside of new ground floor window as per existing ground floor window.

Proposed Rear Elevation

- Existing first floor extension to this part to be rebuilt in brick to replace existing rendered blind bay projection at first floor
- New extension walls to be made in brickwork
- New powder coated metal framed windows and doors
- Existing glazed screen and doors to be rearranged
