

## **15 Holly Lodge Gardens, London N6 6AA (Ref: 2020/5325/P)**

### **Green Roof Specification**

A Bauder Extensive Green Roof system with a biodiverse substrate and wildflower blanket is proposed.

The build-up of the green roof would comprise:

- Bauder FSM600 protection mat
- Bauder DSE40 drainage layer (40mm water storage)
- Bauder Filter Fleece
- 100mm biodiverse substrate
- Bauder Native Wildflower Blanket XF118

The above is illustrated (highlighted in red) in the accompanying Bauder specification material:

- Bauder Extensive Green Roof Wildflower
- Bauder wildflower blanket build up
- Bauder Wildflower Blanket XF118

The green roof will be maintained in accordance with the Bauder maintenance plan (details attached).
