

Application No:	Consultees Name:	Received:	Comment:	Response:
2020/5661/P	Jonathan Byatt	08/03/2021 06:58:31	OBJNOT	<p>OBJECTION. This application has not been publicised to the residents of South End close. The Residents and Residents Association of South End close (secra) protest in the strongest terms against this application. The residents of Constantine road, and in this case Elm Terrace, have a history of treating South end close as a building yard, Storage Depot, car park, rubbish tip and general free access way to their properties for the duration of any build. This puts at risk many residents including the elderly, disabled and children who are left to negotiate all the obstacles, building materials and demolition debris which is piled upon the estate with no consideration for health and safety or pollution. There has been no liaison or contact attempted or made with the South end Close residents' Association. This planned developments will shut off the main pedestrian access to the entire estate for the duration of the building works. The Residents Association are willing to represent in person at the planning committee to voice their objections in the strongest sense.</p>
