2020/5865/P	Ms Marita Stenroos	04/03/2021 13:40:50	OBJ	<p>The similar work to that proposed by the applicant has been carried out to the adjoining attached property 56 Fellows Road. Work there, to which no notice was given to me, has caused damage to my flat and elsewhere in 58 there being cracks in walls and disruption to plumbing. That work was noisy dirty and disruptive and caused distress to me and my neighbours. As to the application paras: 6 the work is extensive and alters the character of a listed building;7/18 there will be a loss of garden and most trees have already been cut down: 10 the length of the work will create the problems experienced before; 12/30 an additional, of at least 57 sq. metres, shows the extent of the work proposed; as does details of the green roof; 32 "Hours of Opening" does this refer to the times in which work is to be carried out? If so it ignores the the feeling of the tenants in 56 and 58 Fellows Road</p>
