2021/0970/T	S. Nix	06/03/2021 10:22:49	OBJ	<p>There is no information explaining why this is taking place. The files listed as PDF files are not - they are TIF files and of only 1 or 2 pages (title pages). The information to substantiate this felling is incomplete. The sketch plan is useless.</p> <p>Could this be rectified, please, so that people can have a better understanding of why these trees are being felled?</p>
