Dear John Sheehy,

Planning Application No. 2020/5962/P – 52 Compayne Gardens, London NW6 3RY

Further to our telephone conversation this afternoon, I am writing to **object to the following parts of this application:**

The demolition of the front wall;

The dropped kerb on to the highway;

I am not sure what the hard and soft landscaping entails, but I presume that it includes removal of the flower beds, **to which I would also object.**

I have no objection to the replacement glazing of the front door.

The grounds for my objections are:

That the intention is clearly to provide parking space in what is now the front garden. This flies in the face of current government policy to reduce road traffic, particularly the private use of cars;

Compayne Gardens is in a Conservation Area. There is no grass in the front garden of 52 Compayne Gardens, but there are flower beds. Their removal and replacement by an off-road car park would detract from the general atmosphere of this pleasant residential area.
