Dear Planners and tree officers,

List 624

2021/0931/T

No objection to the crown reduction of approximately 3m to this Lime tree. I did have concerns about the effect on the shape of the tree having approximately a 6m crown lift. However, I realise that Limes have epicormic growth, both at the base and also up their trunks, which grows rapidly and needs to be regularly maintained.

Also a recent crown reduction of 6m was allowed on an Ash (2020/4328/T).

Thank you and stay safe,

Eileen
