This may have affected the ability for others to comment - I would suggest extending the deadline.</p> <p>2. Upon briefly seeing the drawings (before the link ceased to work), I could see my bedroom window (at the top of the back staircase) is missing. This needs to be rectified.</p> <p>3. Relating to the window in point 2, I am concerned about the lack of light and privacy caused by the roof extension. I wish to further be involved with this planning to ensure it doesn't jeopardise my light or my privacy in my bedroom.</p> |
