Planning Trees

5, St Pancras Sq.

18/XII/20

N1C4AG

I write to object strongly to the felling of 2 ancient plane trees in Bloomsbury. They would be a huge environmental loss, which any subsequent replanting would not replace for many years. By all means have qualified tree surgeons to prune them back. I suggest the Egyptian owners should rebuild the back wall of their premises - the trees are English. Incoming should adapt to British requirements
