**Subject:** Re: Planning application - 2021/0322/P - Flat 25, The Pryors, East Heath Road

Dear Tony

Thank you for your observations. Extraordinary times require us to be resourceful.

Although not a listed building, being in a Conservation Area requires we assure the property is respected. I am confident that the close supervision of our own Mangement Company Surveyor to implement a quality energy efficient like-for-like project will meet your requirements.

As requested I attach photos of the well windows.

Unfortunately scaffolding has been erected in the well for major building works but the photographs together with the manufacturer/installer's specifications (each photograph is appropriately referenced) and measurements provide a good basis to evaluate the proposal.

Kindest regards,

Ivan Clark
