

Application No:	Consultees Name:	Received:	Comment:	Response:
2021/1435/T	Andrea Coscelli	28/03/2021 18:27:05	OBJ	Dear Nick,

I would like to object to this application. As the final decision from the Council imposing a TPO in January 2020 clearly indicated, this is a very old and beautiful tree. It is visible from the street, it is 22m in height, it is in the Belsize Conservation area and its removal would constitute a very unhelpful precedent for the Conservation area and for our fight against climate change. The evidence submitted seems to be very similar to the evidence that was submitted in 2019 and that was rejected and led to the Council imposing a TPO. [Please treat it as confidential - The applicant is the owner of a flat in a house where, as I understand it, the other owners disagree on the link between the tree and the observed subsidence. I would note that the house is pretty far away from the tree.]

Best regards

Dr Andrea Coscelli CBE
