Hi Adam,

Thank you.

I have uploaded to the website the report on the BIA. However, as it takes a few days to appear, I am attaching a copy for you and Campbell Reith.

I would be grateful if you and Campbell Reith take the comments into account in considering the application, in requiring appropriate investigation where the BIA is lacking and if the application is allowed to proceed imposing appropriate conditions as necessary.

Kind regards,  
Peter

Hi Peter

That is all OK. I am not expecting to hear back from Campbell Reith until the end of this month so any more comments can be considered at least until then.

I think we do appoint Campbell Reith to look at structural issues so neighbours don't have to appoint their own engineers.

Kind regards

Adam Greenhalgh  
Planning Officer

Telephone:

The majority of Council staff are now working at home through remote, secure access to our systems.

Where possible please now communicate with us by telephone or email. We have limited staff in our offices to deal with post, but as most staff are homeworking due to the current situation with COVID-19, electronic communications will mean we can respond quickly.

Dear Mr Greenhalgh

I thought I would give a quick update. I saw the missing appendices of the BIA were uploaded onto the website. The BIA with appendices are being studied by the Eldred Geotechnics ( Michael Eldred ) whom I have asked to check and report whether what is proposed is safe. He should produce his comments and submit that to you or Campbell Reith or the website if that remains open .

I am not clear from the website as to when the Michael Eldred comments can be uploaded given the previous omission of the appendices. I will try arrange upload of the comments as soon as they are available.

Kind regards  
Peter Corner
