[EXTERNAL EMAIL] Beware – This email originated outside Camden Council and may be malicious Please take extra care with any links, attachments, requests to take action or for you to verify your password etc. Please note there have been reports of emails purporting to be about Covid 19 being used as cover for scams so extra vigilance is required.

For some reason, the letter we received (at 28 PVE) from you told us to write or e-mail our comments. I didn't see this until after I'd put my comments into the planning page online and, having received your confirming e-mail below, I didn't see any reason to write again but then thought perhaps I should, as that is what the letter told me to do!

We at 28 PVE very much support Mr Low's application to remove the indian bean tree which is leaning dangerously, appears to be about to overbalance and come crashing down and therefore threatens both our and their visiting grandchildren in particular. We are also happy for the ash to be well pruned and for the branch hanging over the roof at 28a to be removed. We have no comment to make about the gingko.
