2021/0822/P	Alice Brown	04/04/2021 09:53:22	OBJ	I object to this application. We need to maintain the commercial units on Malden Road. Too many have been lost already. They are essential to the economic life of the area, eg. offering opportunities for start ups. This shop was until recently very successful. It may be that it is being allowed to run down on purpose in order to justify the change of use.
