2021/0877/P	Mr J Roberts	06/04/2021 16:33:05	SUPPRT	I have an apartment directly opposite this site. I am fully in favour of a new hotel which I feel will strongly enhance the area and certainly get rid of rather an ugly and dated building in a prominent position. I have read the comments made by Eton CAAC and find it very strange how an organisation that does not live or based anywhere near the area can make such comments on behalf of the surrounding area and the locals. Only us locals know the locality well and are in a position to judge what would be best for our immediate surroundings. It is good to see new modern buildings being built on this major junction. If this particular site is left un-developed it will become more of an eyesore and out of keeping with the changes that are occurring. The proposed design, in my opinion, looks exciting and will really improve the area
