

Application for prior approval of a proposed: Enlargement of a dwellinghouse by construction of additional storeys

Town and Country Planning (General Permitted Development) (England) Order 2015 (as amended) - Schedule 2, Part 1, Class AA

Privacy Notice

This form is provided by Planning Portal and based on the requirements provided by Government for the sole purpose of submitting information to a Local Planning Authority in accordance with the legislation detailed on this form.

Please be aware that once you have downloaded this form, Planning Portal will have no access to the form or the data you enter into it. Any subsequent use of this form is solely at your discretion, including the choice to complete and submit it to a Local Planning Authority in agreement with the declaration section.

Upon receipt of this form and any supporting information, it is the responsibility of the Local Planning Authority to inform you of its obligations in regards to the processing of your application. Please refer to its website for further information on any legal, regulatory and commercial requirements relating to information security and data protection of the information you have provided.

Publication on Local Planning Authority websites

Information provided on this form and in supporting documents may be published on the authority's planning register and website. Please ensure that the information you submit is accurate and correct and does not include personal or sensitive information. If you require any further clarification, please contact the Local Planning Authority directly.

4. Eligibility

Was the current use of the building as dwellinghouses only granted by virtue of permitted development rights under Schedule 1, Part 3, Class M, N, O, P, PA or Q of the Town and Country Planning (General Permitted Development) (England) Order 2015 (as amended)?

Yes No

If you have answered Yes above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.

Was the current building constructed between 1 July 1948 and 5 March 2018?

Yes No

If you have answered No above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.

Have additional storeys already been added to the original building (as it stood on 1 July 1948, or as built after that date; or, if 'Crown land', as it stood on 7 June 2006, or as built after that date)?

Yes No

If you have answered Yes above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.

Would the proposed extended building's:

- height exceed 18m (as measured from ground level to the highest part of the roof); or

- roof be:
- more than 3.5 metres higher than the highest part of the existing roof, where the existing building consists of one storey above ground level; or
 - more than 7 metres higher than the highest part of the existing roof, where the existing building consists of more than one storey above ground level.

Yes No

If you have answered Yes above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.

If the dwellinghouse is not detached, would the proposed extension result in the highest part of the roof exceeding 3.5 metres above either:

- the highest part of the roof of the building it is joined to (e.g. by party wall or adjoining main wall); or
- if in a terrace, the highest part of the roof of any building in the row it is situated

Yes No / The dwellinghouse is detached

If you have answered Yes above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.

Would the floor to ceiling height, measured internally, of any proposed additional storey exceed:

- 3 metres; or
- the floor to ceiling height, measured internally, of any existing storey of the principal part of the existing building

Yes No

If you have answered Yes above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.

4. Eligibility (continued)

Will the proposed additional storeys only be constructed on the principal part of the building (i.e. the main part of the building excluding any front, side or rear extension of a lower height, whether this forms part of the original building or a subsequent addition)?

Yes No

If you have answered No above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.

Will any proposed engineering operations reasonably necessary to construct the additional storeys include:

- provision of visible support structures on or attached to the exterior of the building upon completion of the development; or
- anything other than works within the existing curtilage of the building to strengthen existing walls and foundations

Yes No

If you have answered Yes above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.

Is any part of the land or site on which the building is located:

- article 2(3) land;
- a site of special scientific interest;

Yes No

If you have answered Yes above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.

Will the materials used in any exterior work be of a similar appearance to those used in the construction of the exterior of the existing dwellinghouse?

Yes No

If you have answered No above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.

Will the roof pitch of the principal part of the proposed extended dwellinghouse be the same as the roof pitch of the existing dwellinghouse?

Yes No

If you have answered No above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.

Will the development include a window in any wall or roof slope forming a side elevation of the building?

Yes No

If you have answered Yes above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.

Following the development, will the dwellinghouse be used within Use Class C3 and for no other purpose, unless that purpose is ancillary to the primary use as a dwellinghouse?

Yes No

If you have answered No above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.

5. Description of Proposed Works, Impacts and Risks

Please describe the proposed development, including:

- details of any works proposed;
- the external appearance of the dwellinghouse, including the design and architectural features of the principal elevation (and any side elevation that fronts a highway)

The existing dwellinghouse is a three storey end of terrace. The elevations are a mixture of render, a dark red/brown brick and white timber panelling. There is an existing roof box on the flat roof and two rooflights.

The proposal seeks prior approval for an additional storey, above the existing second floor flat roof and would be constructed on the principle part of the existing dwellinghouse. The extension would accommodate a bedroom with a dressing area and an ensuite and a separate study area. The proposed windows to the front and rear will match in size and style to the windows on the floor below. There are no windows proposed on the side elevations of the additional storey. Two rooflights are proposed at roof level to allow light into the central area. The designs are in keeping with the style of the estate.

The materials will match the materials of the existing dwellinghouse. The dark red/brown brick, white timber panelling and render will match those on the existing dwellinghouse. These materials are used within the estate.

Refer to cover letter for further details.

What is the current height of the dwellinghouse:
(measured externally from ground level to the highest part of the roof)

9.9

metres

What will be the height of the dwellinghouse once the additional storeys are added:
(measured externally from ground level to the highest part of the roof)

11.6

metres

5. Description of Proposed Works, Impacts and Risks (continued)

Please provide details of the impacts on the amenity of any adjoining premises including overlooking, privacy and the loss of light and how these will be mitigated:

As demonstrated by the Daylight and Sunlight report by eb7 the proposed extension will not result in any negative impact on the neighbouring amenity and has been shown to meet BRE guidelines.

The windows to the front of the house look down Hawtrey Road. There are no buildings directly in front of the house. At the rear, the windows look towards the flank elevation on the four storey purpose built block of flats on Adelaide Road.

Please provide details of any air traffic and defence asset impacts and how these will be mitigated:

The development site is not within an airport or defence asset safeguarding zone and therefore there would be no impact on air traffic or defence assets.

Where relevant (due to the siting of the building), please provide details of the impact on any protected view.

Note that these are identified in the Directions Relating to Protected Vistas dated 15 March 2012 issued by the Secretary of State.

The site does not fall within any views identified by the London View Management Framework.

6. Checklist

Please read the following checklist to make sure you provide all the required information in support of your proposal. The information provided should include all the details necessary for the Local Planning Authority to determine if the proposal complies with permitted development legislation, and if its prior approval will be required. If sufficient information is not provided the Local Authority can either request it, or refuse the application.
