A few photographs and a sketch scribbled on the back of a piece of paper is not the standard Camden council should accept for removal of a tree. If the application is approved on this basis you will be signalling the little value you ascribe to protecting trees in a conservation area. |
| 2021/1581/T            | B A Abraham for<br>The Belsize<br>Society | 07/04/2021 15:37:21 | COMMNT          | On behalf of the Belsize Society: This tall, mature tree is highly visible from Lambolle Place and has considerable amenity value. As it is covered by a TPO, an expert report should be obtained from an arboriculturist on the health of the tree and the risk it poses before deciding on the drastic step of felling the tree.                        |
