Dear Rose Todd,

Re: 25C Fitzroy Square Ref: 2021/0574/L

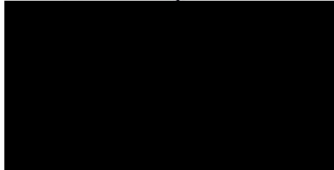

I am writing to object as a resident at Number 25 Fitzroy Square with regard to the planning application. Firstly to break in to a original hall wall and create a new doorway at the top of the first floor which is also very close to the stairs. This would change from original layout of the building which I feel should be kept in tact and show the style of the Adam Brothers in this historic square.

Secondly, an issue for objection is for the original simple but effective cornice to be replaced or up graded to more elaborate cornicing which would be ill-fitting for this first floor house.

I therefore totally resist and object to this planning application.

Please keep me informed of any developments.

Yours sincerely

Charles Stephens
