Dear Sir/Madam

I wish to strongly object to Pear tree felling to ground level at the above address

Reasons for objections

- The tree is healthy and free of disease and its about 50xxx years old
- It stands in the shared garden of 111 Broadhurst Gardens Ltd
- There is no danger of the tree causing any damage to a building or road
- No problem with any subsidence caused by roots
- The applicant does not own the tree as stated on the application form
- The applicant did not use any agent such as a tree surgeon or any other professional body and the assessment was made by the applicant
- The applicant does not own the property mentioned on the application form nor does the applicant pay for any service charge for the maintenance of the house/garden
- The applicant has been living at the address submitted on the application form since 2016 and this is the first time that he had complained regarding to the pear tree mentioned on the application form

- Ideally the tree needs to be pruned by a professional when the tree is not in leave
- The applicant mentioned Fox droppings they have a small dog which does its mess droppings in the garden to which people have mentioned/claimed about

Yours sincerely

Harry Elmhirst
