- 3 Reasons for granting permission. [Delegated]

No. 24 Perrins Lane is part of a terrace of listed Grade II cottages which date from the early 19th century. The building is within the Hampstead Conservation Area.

The delapidated and inappropriately designed dormer window on the front roofscape, probably dating from the later 20th century, is to be replaced with a single glazed vertically sliding timber sash window to match the historic examples found in Perrins Lane.

The scheme has been revised in line with discussions with the planning authority to ensure the works are appropriate to this historic listed grade II building. The installation of a skylight which was considered to be harmful, has been removed from the proposals

No responses were received as a result of the public consultation through a

press notice and a site notice.

The site's planning history has been taken into account when making this decision

Special regard has been attached to the desirability of preserving the listed building and its features of special architectural or historic interest, under s.16 of the Planning (Listed Buildings and Conservation Areas) Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013.

As such, the proposal is in general accordance with policies D1 and D2 of the Camden Local Plan 2017. The proposed development also accords with the London Plan 2016 and the National Planning Policy Framework.

Your proposals may be subject to control under the Building Regulations and/or the London Buildings Acts that cover aspects including fire and emergency escape, access and facilities for people with disabilities and sound insulation between dwellings. You are advised to consult the Council's Building Control Service, Camden Town Hall, Judd St, Kings Cross, London NW1 2QS (tel: 020-7974 6941).

You are advised that any works of alterations or upgrading not included on the approved drawings which are required to satisfy Building Regulations or Fire Certification may require a further application for listed building consent.

- 4 This proposal may be liable for the Mayor of London's Community Infrastructure Levy (CIL) and the Camden CIL. Both CILs are collected by Camden Council after a liable scheme has started, and could be subject to surcharges for failure to assume liability or submit a commencement notice PRIOR to commencement. We issue formal CIL liability notices setting out how much you may have to pay once a liable party has been established. CIL payments will be subject to indexation in line with construction costs index. You can visit our planning website at www.camden.gov.uk/cil for more information, including guidance on your liability, charges, how to pay and who to contact for more advice.

In dealing with the application, the Council has sought to work with the applicant in a positive and proactive way in accordance with paragraph 38 of the National Planning Policy Framework 2019.
