Subject: RE: 158 Kentish Town Road, ref. 2021/0072/P

Dear John

Thank you for your email and details of this change of use.

KTNF don't have any issues with this planning application. It means the empty premises will be brought back into use as offices. KTNF welcomes additional office space in Kentish Town – so much has been lost to residential conversion. Whilst residential is important, we want to see a vibrant mix on the high street – and offices it will bring additional workers into Kentish Town who will add to the economy of the local shops.

Please treat this email as support for this planning change of use.

Regards

Paul Seviour
