2021/0393/P	Mrs A B Kristal	20/04/2021 13:24:22	SUPC	<p>I am concerned about the design, size and height of the proposed extension along my party wall. The exact height does not seem very clear on the planning application? My loss of light is also of concern to me. Could we please discuss what is amenable to both of us as I am otherwise in full support of their proposed extension and sincerely wish to maintain our amicable neighbourly relationship.</p> <p>I have an existing structure on my side of the party wall, No 95, which I would like to make secure, weather proof and improve. This structure, with a plastic roof, has apparently been in place for at least the last 25 years, probably erected prior to a formal application process. My am awaiting freeholder's approval letter and my own planning application is in the process of being submitted.</p> <p>I have left a voice message for Mr</p>
