Re: 126 Leighton Road, Kentish Town, London NW5 2RG

We confirm that the proposed front mansard is to match No 124 in every respect, in particular the height (approx 2.9m) and distance back from the parapet. We also confirm the depth of the terrace at the rear is to match No 124 namely 2.9m back from the parapet. We enclose photographs for your assistance.

Yours faithfully
