2021/1689/P	Ed laws	24/04/2021 14:41:22	OBJ	This whole events space and urban gallery project must be stopped - it's a hideous cheap nasty gimmick that will ruin the lives of resident and their ability to have a quiet life - noise / flashing lights, air extraction units which is one of many reasons for a strong objection - should never have been allowed but the wretched biased Camden council do not care for residents only big business - STOP all this now and think about the residents who pre- existed all this awful for profit development . I waste my time injecting as Camden council have shown over many years - big business is no1 , resident - don't care , ignore , collateral damage .
