Objection to planning application 2021/0698/P

I am writing to object strongly to this application to add disfiguring antennae to the roof of Crestview flats which will cause harm to the setting of a Grade II* listed building.

Crestview flats are in one of the most prominent positions in north London (the 'Northern Heights') and can be seen from miles around. They are next to St Mary, Brookfield, an equally prominent and important work by one of the leading Victorian architects, William Butterfield, recognised by its listing at Grade II*.

Anything which spoils the views of such a distinguished building is to be deplored. The proposed antennae will distract from its long roofline which forms such a deeply satisfying landmark.
