Subject: Frognal Gardens proposed new build

Re Application 2020/5214/P

Dear Sir or Madam,

I wish to endorse the discontent expressed by so many of the community who live nearby 18A Frognal Gardens. The proposed new build really deserves the description of 'monstrous carbuncle' in an area where historic house design has been successfully and sympathetically combined with excellent modern buildings, both flats and single units. My objection therefore is not on the grounds of modernity but on the bizarre and inexplicable choices made by the architect, who appears to wish to recreate a Spanish seaside atmosphere in an historic area of Hampstead.

If the Planning Committee allows this proposal to succeed, one wonders what, if anything, they would refuse?

Yours faithfully

Susan Dalgarno  
104 Frognal

Best wishes

Susan
