Dear Sir/Madam

DECISION

Town and Country Planning Act 1990

Certificate of Lawfulness (Proposed) Granted

The Council hereby certifies that the development described in the First Schedule below, on the land specified in the Second Schedule below, would be lawful within the meaning of Section 192 of the Town and Country Planning Act 1990 as amended.

First Schedule:

Erection of roof extension at rear and insertion of rooflights within front and side roofslopes.

Drawing Nos: Site location plan; (D_AL_20_20BRO_)001, 002 rev B.

Second Schedule:

20 Broomsleigh Street
London
NW6 1QH

Reason for the Decision:

- 1 The rear roof extension is permitted under Class B of Part 1 of the Town and Country Planning (General Permitted Development) (England) Order 2015 as amended.
- 2 The rooflights on front and side roof slopes are permitted under Class C of Part 1 of the Town and Country Planning (General Permitted Development) (England) Order 2015 as amended.

Informative(s):

- 1 The development would only constitute permitted development if the materials used in any exterior work to the rear roof extension, subject to the grant of this certificate, shall be of similar appearance to those used in the construction of the exterior of the existing dwelling house, in accordance with Condition B.2 of the Town & Country Planning (General Permitted Development) Order 2015 as amended.
- 2 The development, subject to the grant of this certificate, would only constitute permitted development where the edge of the enlargement closest to the eaves of the original roof shall, so far as practicable, be not less than 20 centimetres from the eaves of the original roof in accordance with Condition B.2 of the Town & Country Planning (General Permitted Development) Order 2015 as amended.
- 3 The development, subject to the grant of this certificate, would only constitute permitted development where the roof lights would project no more than 0.15 metres beyond the plane of the front and side slopes of the original roof, in accordance with Condition C.1(b) of the Town & Country Planning (General Permitted Development) Order 2015 as amended.
- 4 You are advised that in order to comply with the parameters of permitted development as set down in the Town & Country Planning (General Permitted Development) Order 2015 as amended, you must ensure that the works do not include:
 - (i) the installation, alteration or replacement of a chimney, flue or soil or vent pipe; and
 - (ii) the construction or provision of a veranda, balcony or raised platform.
- 5 Your proposals may be subject to control under the Building Regulations and/or the London Buildings Acts that cover aspects including fire and emergency escape, access and facilities for people with disabilities and sound insulation between dwellings. You are advised to consult the Council's Building Control Service, Camden Town Hall, Judd St, Kings Cross, London NW1 2QS (tel: 020-7974 6941).
- 6 This approval does not authorise the use of the public highway. Any requirement to use the public highway, such as for hoardings, temporary road closures and suspension of parking bays, will be subject to approval of relevant licence from the Council's Streetworks Authorisations & Compliance Team, 5 Pancras Square c/o Town Hall, Judd Street London WC1H 9JE (Tel. No 020 7974 4444). Licences and authorisations need to be sought in advance of proposed works. Where development is subject to a Construction Management Plan (through a requirement in a S106 agreement), no licence or authorisation will be granted until the Construction Management Plan is approved by the Council.
- 7 All works should be conducted in accordance with the Camden Minimum Requirements - a copy is available on the Council's website (search for 'Camden Minimum Requirements' at www.camden.gov.uk) or contact the Council's Noise and Licensing Enforcement Team, 5 Pancras Square c/o Town Hall, Judd Street London WC1H 9JE (Tel. No. 020 7974 4444)

Noise from demolition and construction works is subject to control under the Control of Pollution Act 1974. You must carry out any building works that can be heard at the boundary of the site only between 08.00 and 18.00 hours Monday to Friday and 08.00 to 13.00 on Saturday and not at all on Sundays and Public Holidays. You must secure the approval of the Council's Noise and Licensing Enforcement Team prior to undertaking such activities outside these hours.

In dealing with the application, the Council has sought to work with the applicant in a positive and proactive way in accordance with paragraph 38 of the National Planning Policy Framework 2019.

You can find advice about your rights of appeal at:

Yours faithfully

Daniel Pope
Chief Planning Officer

Notes

1. This certificate is issued solely for the purpose of Section 192 of the Town and Country Planning Act 1990 (as amended).
2. It certifies that the use*/operations*/matter* specified in the First Schedule taking place on the land described in the Second Schedule was*/would have been* lawful on the specified date and thus, was not*/would not have been* liable to enforcement action under Section 172 of the 1990 Act on that date.
3. This Certificate applies only to the extent of the use*/operations*/matter* described in the First Schedule and to the land specified in the Second Schedule and identified on the attached plan. Any use*/operations*/matter* which is materially different from that described or which relates to other land may render the owner or occupier liable to enforcement action.
4. The effect of the Certificate is also qualified by the provision in Section 192(4) of the 1990 Act, as amended, which states that the lawfulness of a described use or operation is only conclusively presumed where there has been no material change, before the use is instituted or the operations begun, in any of the matters relevant to determining such lawfulness.
