HCAAC notes the retrospective application but welcomes the proposed relocation. Outbuildings are normally located at the rear boundary of a garden. The proposed location appears to respect and allow for the possible future addition of an outbuilding for Flat 3B - assuming that the garden is not demised only to Flat 3a. An additional outbuilding might not be welcome depending on policy and garden take up etc. but might sensibly be limited to the dimensions of the present proposal. In any case we ask that existing planting be protected
