Application ref.: 2021/1129/P

Thank you for consulting TfL on this application, copy attached.

Having assessed the proposals, I can confirm that TfL has no strategic transport comments to make on this planning application. If the development is permitted I recommend the developer is reminded of the following:

Gray's Inn Road fronting no. 298 forms part of the Strategic Road Network (SRN) for which TfL is the traffic authority. TfL may therefore be concerned about any impact on the performance or safety of the SRN, particularly any impact on bus routes.

The footway and carriageway must not be blocked during the development. All vehicles associated with the development must only park / stop at permitted locations and within the time periods permitted by existing on-street restrictions.

Please contact me if I can be of any further assistance.

Regards
