London Borough of Camden

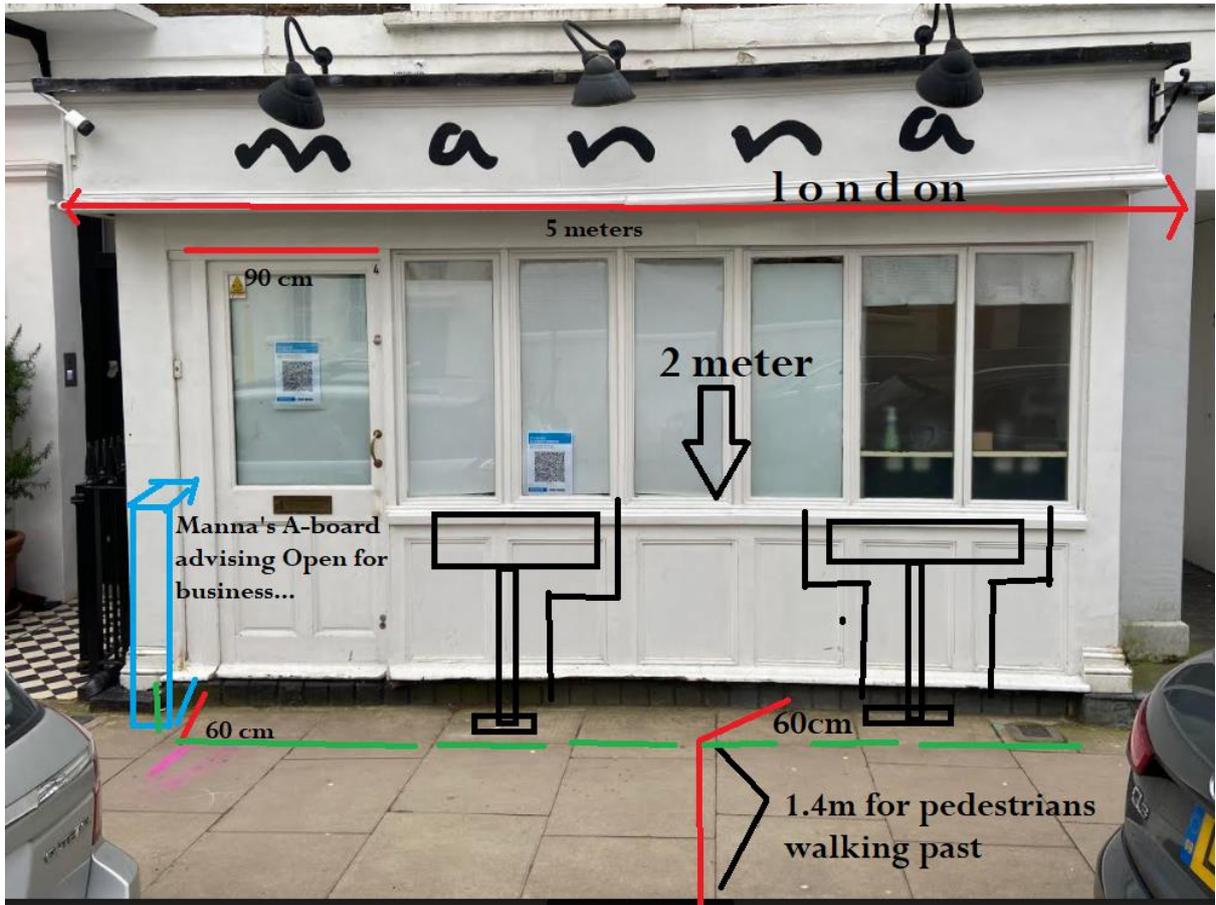

1st May 2021

Dear Sirs

In reference to our recent pavement/road/external service and seating application applicable under Government guidelines to assist struggling hospitality to gain some momentum in the leadup to and recovery period post Covid-19 lockdown, please find below are detailed measurements and drawings, as measured carefully over this past weekend.

Our application is for 2 tables immediately outside the restaurant front directly under the overhanging/protruding parapet above (i.e. the Manna name sign); and 8 tables with a total of 30 chairs for the road area, again immediately outside our restaurant *front and rear entrance frontage*... along the lines of the various other restaurant's temporary outside space allocated in the immediate area.

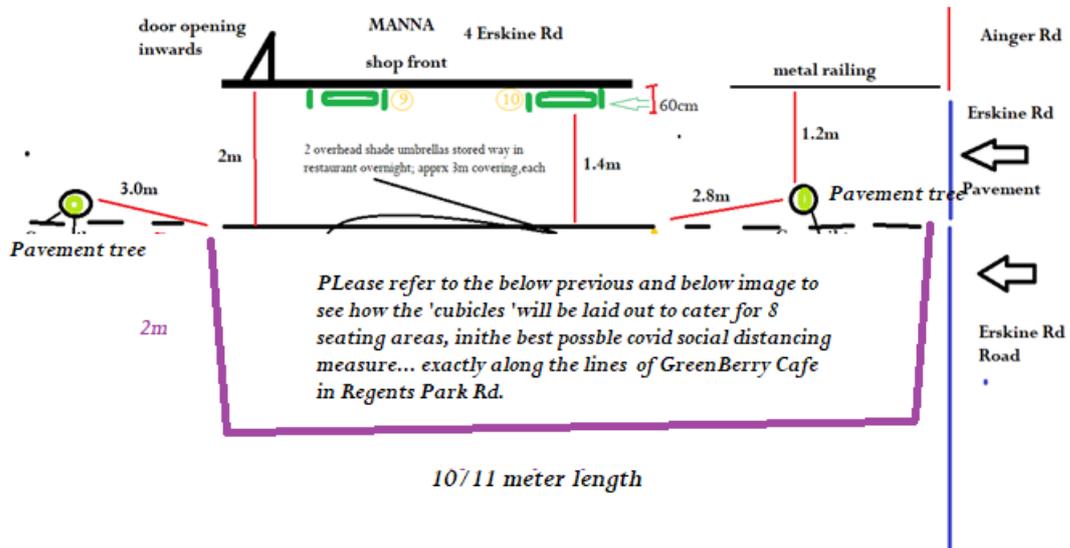

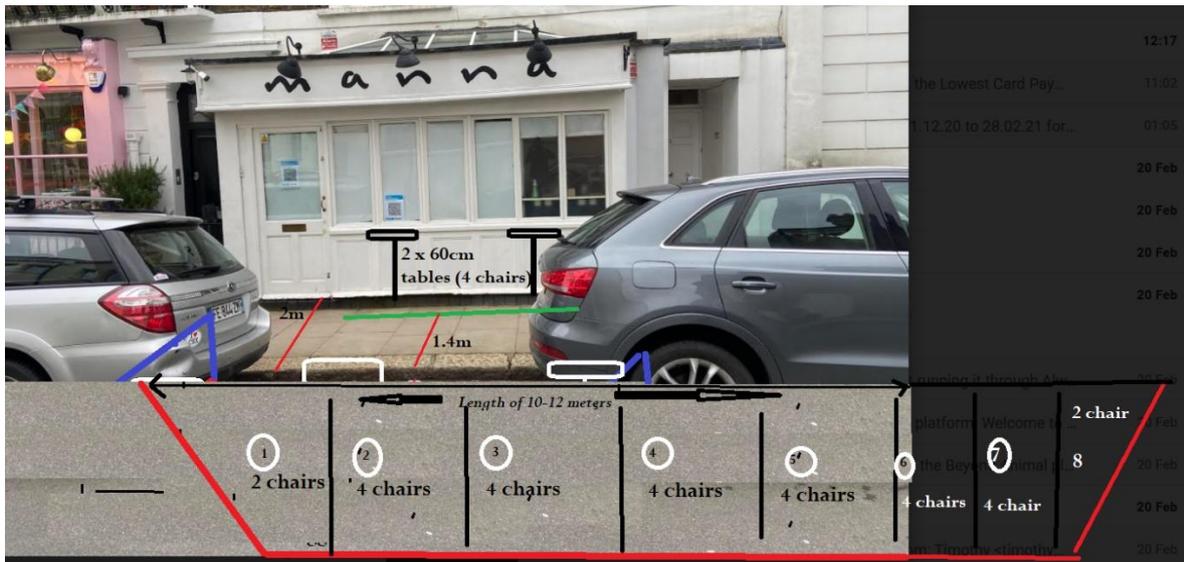

A) 2 sets of tables immediately outside the restaurant frontage, appropriately distanced

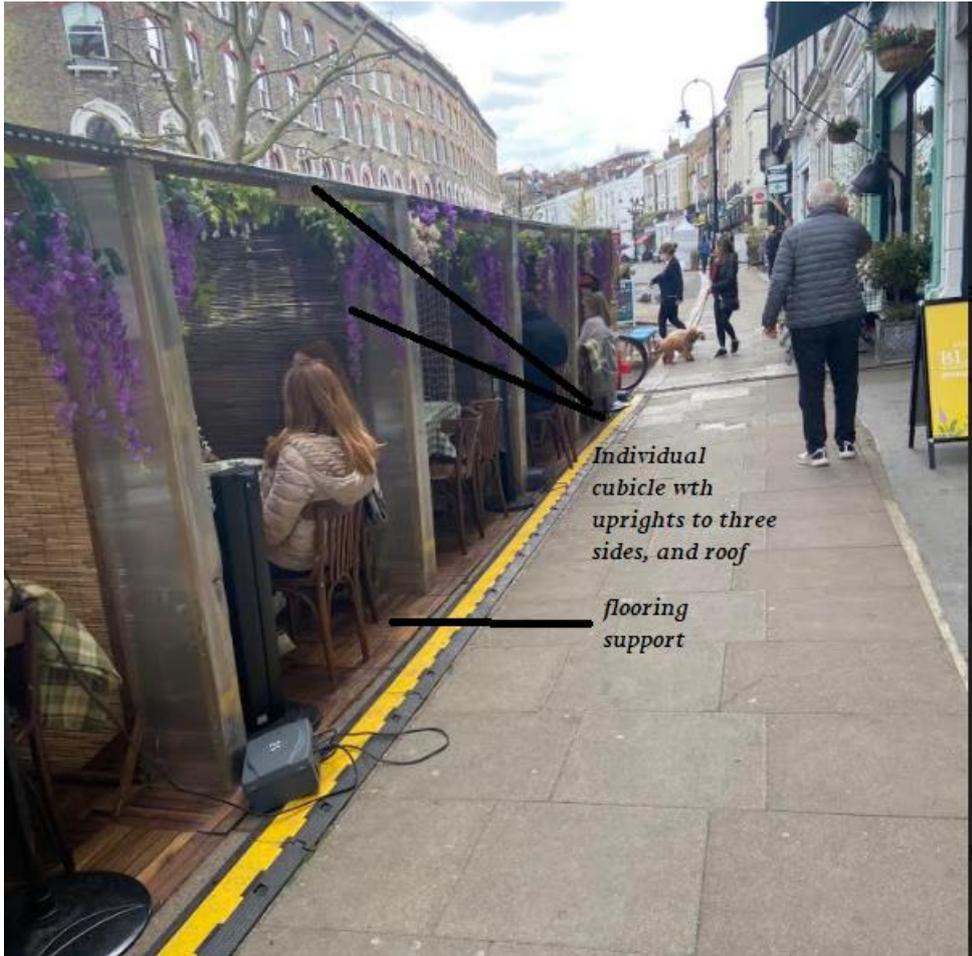

/ see overleaf...

And 8 sets of tables immediately outside the "road section" of the restaurant frontage, appropriately distanced...

*Individual
cubicle wth
uprights to three
sides, and roof*

*flooring
support*

*individual semi-private
seating area for best
social distancing
practices*

2 tables to the outside of the restaurant underneath the extruding fascia of Manna

8 x semi private table seating pods to the roadside, very similar to Greenberry

Regards, Robin Haddon
