2021/1010/P	John and Jill Lawrence	06/05/2021 10:45:47	OBJ	Rebuilding the garage at No. 18 is fine as long as the necessary party wall agreements are concluded in a timely fashion. However, we strongly object to the installation of a shower, a lavatory and a handbasin. Adding a shower, lavatory and washbasin will lead to this possibly becoming a one room residence, ripe for letting or selling, and would be unsuitable in this conservation area and the original 18th century layout of this Grade II* Terrace and Mews. Prior proposals of this nature have been rejected on the Grove Terrace side of the Mews.
