Construction Management Plan pro forma; Assessment; Archaeological Desk-based Assessment; Photographic Survey dated February 2020.

The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 The development hereby permitted shall be carried out in accordance with the following approved plans:

Existing Drawings: P_000; E_01; E_02; E_03; E_04; E_05; E_06; E_10; E_11; E_12; E_25; E_31.

Demolition Drawings: D_01; D_02; D_03; D_04; D_05; D_06; D_10; D_11; D_12; D_25; D_31.

Proposed Drawings: P_01A; P_02; P_03; P_04A; P_05A; P_06; P_10; P_11; P_12; P_25; P_31.

Supporting Documents: Covering letter dated 14/02/2020; Design and Access Statement dated February 2020; Planning Statement dated February 2020; Heritage Statement dated February 2020; Basement Impact Assessment May 2020 V2; Geotechnical Report on Ground Investigation; Phase 1 Preliminary Assessment; Construction Method Statement dated 3 June 2020; Structural Drawings file; Flood Risk Assessment Rev C; Acoustic Assessment Rev 1 dated 15/04/2020; Sustainability Statement Rev C dated 14/02/2020; Letter ref. 81568/IM/LAT/jdp dated 14/02/2020; Construction Management Plan pro forma; Assessment; Archaeological Desk-based Assessment; Photographic Survey dated February 2020.

Reason: For the avoidance of doubt and in the interest of proper planning.

- 3 Detailed landscape plan

Full details of hard and soft landscaping shall be submitted to and approved in writing by the local planning authority before the relevant part of the development commences.

The submission to include details of:

- a) full details of the terrace and landscaping
- b) a maintenance plan for a minimum of 3 years

The relevant part of the works shall not be carried out otherwise than in accordance with the details thus approved.

Any trees or areas of planting which, within a period of 5 years from the completion of the development, die, are removed or become seriously damaged or diseased, shall be replaced as soon as is reasonably possible and, in any case, by not later than the end of the following planting season, with others of similar size and species, unless the Council gives written consent to any variation.

The development shall not be occupied until such time as the works have been completed in accordance with the details thus approved.

Reason: To enable the Council to ensure a reasonable standard of amenity in the scheme and to ensure the development undertakes reasonable measures to take account of biodiversity in accordance with the requirements of Policies G1, CC1, CC2, CC3, CC4, D1, D2, A3 and A1 of the Camden Local Plan 2017.

4 Cycle parking

Prior to first occupation of the building, two secure and covered bicycle parking spaces shall be provided in accordance with the approved plans.

The facilities as implemented shall be permanently retained thereafter.

Reason: To ensure the development provides adequate cycle parking facilities in accordance with the requirements of Policy T1 of the Camden Local Plan 2017.

5 Details, Materials and Samples

Prior to the relevant works, detailed drawings, or samples of materials as appropriate, in respect of the following, shall be submitted to and approved in writing by the local planning authority:

- a) Details including sections at 1:10 of all windows (including jambs, head and cill), ventilation grills and external doors and canopies
- b) Manufacturer's specification details of all facing materials (to be submitted to the Local Planning Authority)

The relevant part of the works shall be carried out in accordance with the details thus approved and all approved samples shall be retained on site during the course of the works for the relevant building. All other external work shall be carried out in materials that resemble, as closely as possible, in colour and texture those of the existing building, unless otherwise specified in the approved application.

Reason: In order to safeguard the special architectural and historic interest of the proposed retained buildings and to safeguard the character and appearance of the wider area in accordance with the requirements of Policies D1, D2 and D3 of the Camden Local Plan 2017.

6 Protection of trees

Prior to the commencement of any works on site, details demonstrating how trees to be retained shall be protected during construction work shall be submitted to and approved by the local planning authority in writing. Such details shall follow guidelines and standards set out in BS5837:2012 "Trees in Relation to Construction". All trees on the site, or parts of trees growing from adjoining sites, unless shown on the permitted drawings as being removed, shall be retained and protected from damage in accordance with the approved protection details.

Reason: To ensure that the development will not have an adverse effect on existing trees and in order to maintain the character and amenity of the area in accordance with the requirements of Policies D1 and A3 of the Camden Local Plan 2017.

7 Nesting birds

No vegetation and built structures potentially suitable as a bird habitat shall be removed except outside of the bird nesting season (Feb-August inclusive). Where this is not possible, an ecologist shall be engaged to assess any vegetation and built structures for active signs of nesting and in the event a nest is found an appropriate exclusion zone should be implemented around it until the young have fledged.

Reason: In order to safeguard protected and priority species, in accordance with the requirements of Policy A3 of the Camden Local Plan 2017.

8 External fixtures

No lights, meter boxes, flues, vents or pipes, and no telecommunications equipment, alarm boxes, television aerials or satellite dishes shall be fixed or installed on the external face of the buildings, without the prior approval in writing of the Council.

Reason: In order to safeguard the special architectural and historic interest of the retained buildings and to safeguard the character and appearance of the wider area in accordance with the requirements of Policies D1 and D2 of the Camden Local Plan 2017.

9 Land Contamination

Prior to the commencement of work for each section of the development or stage in the development as may be agreed in writing by the Local Planning Authority (LPA), a scheme including the following components to address the risk associated with site contamination shall be submitted to and approved in writing by the LPA.

A) A site investigation scheme based on the Phase 1 Preliminary Risk Assessment Version 2 by CET to provide information for a detailed assessment of the risk to all receptors that may be affected, including those off site;

B) The results of the investigation and detailed risk assessment referred to in (b) and, based on these, in the event that remediation measures are identified necessary, a remediation strategy giving full details of the remediation measures required and how they are to be undertaken;

C) A verification plan demonstrating the works set out in the remediation strategy have been undertaken.

Any investigation and risk assessment must be undertaken in accordance with the requirements of the Environment Agency's Model Procedures for the Management of Contamination (CLR11). In the event that additional significant contamination is found at any time when carrying out the approved development it must be reported immediately to the LPA.

Reason: To ensure the risks from land contamination to the future users of the land and neighbouring land are minimised, together with those to controlled waters, property and ecological systems, and to ensure that the development can be carried out safely without unacceptable risks to workers, neighbours and other offsite receptors, in accordance with policy A1 of the London Borough of Camden Local Plan 2017.

10 Construction machinery

All non-Road mobile Machinery (any mobile machine, item of transportable industrial equipment, or vehicle - with or without bodywork) of net power between 37kW and 560kW used on the site for the entirety of the demolition and construction phase of the development hereby approved shall be required to meet Stage IIIA of EU Directive 97/68/EC. The site shall be registered on the NRMM register for the demolition and construction phase of the development.

Reason: To safeguard the amenities of the adjoining occupiers, the area generally and contribution of developments to the air quality of the borough in accordance with the requirements of Policies A1, A4 and CC4 of the Camden Local Plan 2017.

11 Mechanical Plant Noise

Noise levels at a point 1 metre external to sensitive facades shall be at least 10dB(A) less than the existing background measurement (LA90), expressed in dB(A) when all plant/equipment (or any part of it) is in operation unless the plant/equipment hereby permitted will have a noise that has a distinguishable, discrete continuous note (whine, hiss, screech, hum) and/or if there are distinct impulses (bangs, clicks, clatters, thumps), then the noise levels from that piece of plant/equipment at any sensitive façade shall be at least 15dB(A) below the LA90, expressed in dB(A).

Reason: To safeguard the amenities of the adjoining premises and the area generally in accordance with the requirements of policies A1 and A4 of the Camden Local Plan 2017.

12 Water Usage

The development hereby approved shall achieve a maximum internal water use of 110litres/person/day. The dwellings shall not be occupied until the Building Regulation optional requirement has been complied with.

Reason: To ensure the development contributes to minimising the need for further water infrastructure in an area of water stress in accordance with policies CC1, CC2 and CC3 of the Camden Local Plan 2017.

13 Basement Engineer

The development hereby approved shall not commence until such time as a suitably qualified chartered engineer with membership of the appropriate professional body has been appointed to inspect, approve and monitor the critical elements of both permanent and temporary basement construction works throughout their duration to ensure compliance with the design which has been checked and approved by a building control body. Details of the appointment and the appointee's responsibilities shall be submitted to and approved in writing by the local planning authority prior to the commencement of development. Any subsequent change or reappointment shall be confirmed forthwith for the duration of the construction works.

Reason: To safeguard the appearance and structural stability of neighbouring buildings and the character of the immediate area in accordance with the requirements of policies D1, D2 and A5 of the London Borough of Camden Local Plan 2017.

14 Internal Noise Standards

The noise level in rooms at the development hereby approved shall meet the 'Good' noise standard specified in BS8233:2014 for internal rooms and external amenity areas.

Reason: To safeguard the amenities of the future occupants of the development in accordance with the requirements of policies A1 and A4 of the Camden Local Plan 2017.

Informative(s):

- 1 Your proposals may be subject to control under the Building Regulations and/or the London Buildings Acts that cover aspects including fire and emergency escape, access and facilities for people with disabilities and sound insulation between dwellings.
