**Subject:** Prunning of second Lime Tree in my garden,13,Inglewood Road.

I would like the lime tree on the lefthand corner of my back garden to be pruned to a similar size as the one which has recently been pruned on the righthand corner, at the behest of my neighbour at no.15, as it overhung her garden. I was informed by the tree company that I would need permission for this to take place. I would like this to happen asap before the tree comes into full leaf, therefore creating more mess which will have to come through my flat, as there is no back access. Tom Little came to my garden and at the time thought both trees needed to be pruned, but as my neighbour was paying for the one tree, I needed time to think about it, due to the cost etc. but have now decided to get the other tree pruned. Please let me know how to go about this. Thank you. my name is Mrs Margaret Pearce, 13,Inglewood Road.NW6 1QT.
