Detail 1 : Mechanical Extract Vent

Envirovent MEV Spider

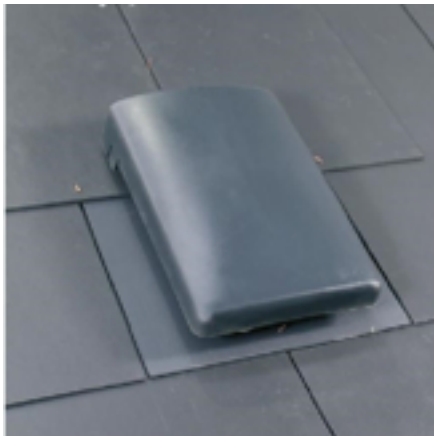

<https://www.envirovent.com/products/mechanical-extract-ventilation-mev/mev-spider>

Size: 440 x 375 x 198

Location: 3no. one to loft, one within ceiling of the ensuite to second floor & one to plant room to lower ground floor. Can be ceiling, floor or wall mounted

MEV Spider is a low energy, continuous mechanical extract ventilation system designed with multiple extract points to simultaneously draw air out of room generating moisture, whilst minimising the migration of humidity to other rooms. From the unit there is a single exhaust point, thereby reducing the need for penetrations to the external envelope.
